

Scorpions Emergency Plan for a COVID-19 Situation

The following plan has been developed for the Scorpions Volleyball Club to deal with COVID-19 Situation should it be necessary. This document is part of the protocols developed by the club.

Individual becomes unwell with symptoms of COVID-19

- If an individual becomes unwell with symptoms of COVID-19, or if someone is aware of an individual that becomes unwell with symptoms of COVID-19, that individual must immediately stop participation in club activities.
- The individual should be isolated from all others in a well-ventilated area, or outside and provided with a non-medical face mask if one is available
- The individual shall be sent home and instructed to follow public health guidelines regarding self-isolation and testing
- The facility should be informed in order to determine if any areas need to be closed off and/or require additional cleaning/disinfecting
- The club Lead contact Lisa Buttazoni at info@scorpionsvolleyball.ca or the President at president@scorpionsvolleyball.ca should be informed of the situation and should contact the individual or their parent/guardian to determine if next steps are being taken regarding testing.

An individual is tested for COVID-19

- Any individual that is part of a club that has been tested for COVID-19 must not participate in club activities while waiting for the results of the test
- The club will consult the Session Participation tracking sheets to inform other club members who might have been in close contact with the individual
- Any club members who were in close contact with the individual should not participate in club activities and should follow public health guidelines until the diagnosis of COVID-19 is ruled out by health professionals

An individual tests positive for COVID-19

- If an individual tests positive for COVID-19, they should inform the club Lead contact Lisa Buttazoni who will work where requested with the facility and public health officials to assist in contact tracing. The Session Participation tracking sheets may be used to assist public health officials in informing other club members who may have been in close contact with the individual
- Any club members who were in close contact with the individual should not participate in club activities for 14 days and should follow public health guidelines regarding self-isolation and testing
- It is recommended to also inform all club members of a positive COVID-19 result within the club setting
- The club should inform and work with the facility in the case of a positive COVID-19 result and determine if any additional cleaning/disinfecting should be performed as per the facility's guidelines
- The club will inform Ontario Volleyball of a positive COVID-19 diagnosis by emailing clubsupportservices@ontariovolleyball.org

Return to club activities following illness

- If no test was performed, or the COVID-19 test was negative, the individual may only return to club activities once they no longer have any symptoms of COVID-19

Return to club activities following COVID-19

- Following a positive COVID-19 test, an individual must follow all public health guidelines regarding return to activities.

Modification/restriction/postponing or canceling of club activities

- Based on the evolving COVID-19 pandemic, the club must be prepared to follow public health, municipal/provincial government and sport recommendations regarding modifying/restricting/postponing or canceling activities
- Clubs should establish a program cancellation policy if one does not exist already
- Clubs members should be informed as soon as possible of any modifications/restrictions or cancellations
- Clubs must keep any modifications and restrictions in place until advised that it is safe to resume activities by public health, government or sport officials/administrators.

Public Health Guidelines

Club members should follow all public health guidelines regarding COVID-19. These may include:

- Any club members who themselves have travelled outside of Canada, or has someone in their household who has travelled outside Canada must self-isolate and not participate in club activities for 14 days
- Any individual who has been exposed to someone with a confirmed case of COVID-19 should self-isolate and is not permitted to participate in club activities for 14 days
- Any individual with symptoms of COVID-19 is not permitted to take part in club activities
- Any individual who has someone in their household showing symptoms of COVID-19, should not participate in club activities

Communication Plan

The Lead Contact for this emergency plan will be responsible for ensuring for followup action should this plan need to be enacted. This would include:

- ensuring the public health unit has been made of a member who has tested positive.
- following up with a person that becomes unwell
- communicating with parents of all club members that have been in close contact with that individual
- ensure the facility and Ontario Volleyball are informed if a club member is diagnosed with COVID-19.

This emergency plan is part of our Covid-19 Protocols for Volleyball. The protocols and updates will be distributed to all parents whose child is in our indoor program by email through our newsletter. A link to these Protocols will be posted on our website once approved . There will also be a news post on our website announcing them and on our social media.
